

## Arts and crafts talents at Sonya Lodge Residential Care Home

**Our residents have been enjoying a range of different arts and crafts sessions recently here at Sonya Lodge Residential Care Home.**

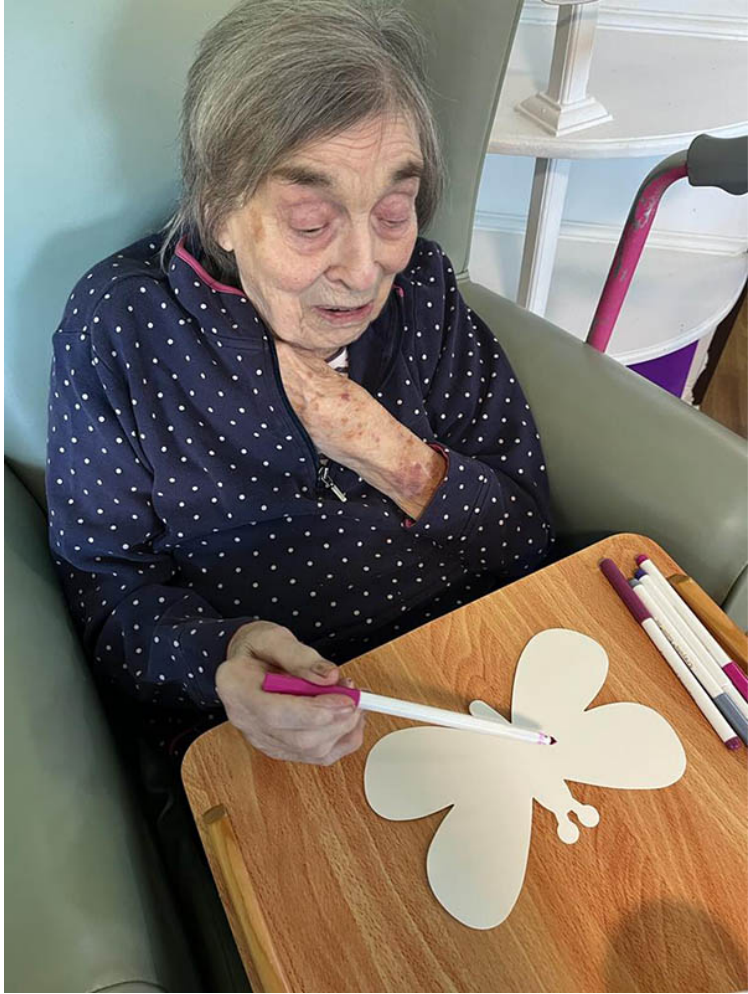

Many of our ladies and gents find these sessions very calming whilst they also encourage the use of their **fine motor skills**, for those detailed creative touches.

We've witnessed some **beautiful colouring and painting talents** and their artwork always looks stunning.

Some of our residents created some **amazing butterflies**, creating colourful wing patterns by adding stickers, coloured gems and buttons.

*We're sure you'll all agree that we have a talented group of residents here at Sonya Lodge!*
