

Christmas disco with DJ Nick at Sonya Lodge Residential Care Home

Over Christmas, we were joined by DJ Nick to get the party started at Sonya Lodge Residential Care Home!

Our residents love a **dance and boogie together**, so we arranged for the wonderful Nick to come in and fill our Lodge with the sounds of soul.

Our residents loved the music and were all keen to get up and show us all their dancing and sing along to their favourite **party anthems**. It was lovely to all let our hair down and dance the evening away together – *and some of our ladies and gents definitely taught our staff a few new moves!*

Our residents and staff loved the disco!
