

Christmas gift giving with Father Christmas at Sonya Lodge Residential Care Home

The festive season at Sonya Lodge Residential Care Home was made extra special with two delightful visits from Father Christmas and his helper, Elf Jo. Their arrival brought plenty of cheer as they spent time with our residents and shared thoughtful Christmas gifts.

Father Christmas – played brilliantly by our Manager John – took great care in **giving out presents** that had been specially chosen for each of our residents, based on their individual tastes and requests. This personal touch made the experience really special and meaningful for our ladies and gents.

From quiet one-to-one moments to shared smiles and festive outfits, the visits created treasured memories and added a truly magical touch to our Christmas celebrations at the Lodge.
