

Coffee morning in the sunshine at Sonya Lodge Residential Care Home

With the arrival of the beautiful weather we decided it was time to get out in the garden at Sonya Lodge Residential Care Home to enjoy it!

Our residents were very **happy to get outside** and soak up the warming rays together. There was only one thing they needed to make this perfect – and that was to enjoy a selection of cakes, biscuits and drinks! We were very happy to oblige with this request.

It was fantastic to see everyone **enjoying the summer sun together** and having a good chat over a cup of **tea and a biscuit**.
