

Flower arrangements and toy construction at Sonya Lodge Residential Care Home

Flower power

Our residents at Sonya Lodge Residential Care Home put their floristry skills to the test with a lovely flower arranging session to celebrate International Flower Day on Wednesday 19 January.

Everyone worked together to produce beautiful, sweet-smelling **vases of flowers** – all of which brightened our day and looked amazing in our **Home**.

Building toys at Men's Club

Our male residents here at **Sonya Lodge** meet together regularly for their **Men's Club**.

This is a time for them to get together and enjoy some shared interests, male company and conversation. ☐☐ In this latest session our gents worked collectively to put together some **construction toys**.

They all enjoyed themselves and were **deep in concentration throughout the session**, as you can see!

What a talented group of residents we have here at Sonya Lodge!

Working hard in construction!
