

Fun with fudge tasting at Sonya Lodge Residential Care Home

Many of our Sonya Lodge Residential Care Home residents have a sweet tooth and would rate fudge very highly on their list of favourite sweets.

With this in mind, we arranged an afternoon activity of **fudge tasting** when they tucked into a variety of flavoured fudge from our trolley that included **original dairy, salted caramel, chocolate, chocolate and vanilla, and chocolate covered fudge.**

Everyone loved this sweet surprise and **lots of conversations** were had when we were trying to decide which flavour was the best. A *tricky decision, as they were all so delicious!*
