

Gizmo and Rolo visit Sonya Lodge Residential Care Home residents

Our residents were treated to visits from not one but two dogs last week at Sonya Lodge Residential Care Home!

The fantastic **Gizmo** joined us earlier in the week to spend some time with our ladies and gents. Gizmo is a true lap dog and loves to spend time getting comfortable on warm laps! Our residents were so pleased to see him and were also eager to have some **lovely cuddles**.

Over the weekend we were then visited by the stunning **Rolo**. Our residents were excited to see him and loved petting him.

These visits from both Gizmo and Rolo sparked many conversations with our residents as they reminisced about pets they have owned in the past.
