

Gizmo comes to visit Sonya Lodge Residential Care Home residents

Many of our residents at Sonya Lodge Residential Care Home owned pets at some point in their life, so our weekly visits from chihuahua Gizmo are very much welcomed.

Our ladies and gents enjoy spending time with him, whether it be to stroke and pat his head, or to enjoy a **lovely warm lap snuggle**.

He brings **smiles** to so many of our residents' faces and **sparks conversations and reminiscing opportunities** about their pets.

We look forward to seeing him again soon!
