

Halloween party fun at Sonya Lodge Residential Care Home

With the arrival of the spooky season and Halloween, it was time for us to host our annual Halloween party at Sonya Lodge Residential Care Home.

We invited families to join us for this event and **decorated our Home in spooky and creepy decorations**. Our residents and team members also dressed up in some **scary costumes**!

The talented **Maxine** joined us for the party and filled our Home with her wonderful singing voice as she sang some of our residents' favourite party songs. Everyone was throwing themselves into the party spirit and could be seen **singing and dancing along** to all of the songs.

After working up an appetite from all that dancing, our residents enjoyed a **delicious buffet** full of sweet and savoury treats. Our Chef also created a spook-tacular Halloween cake that we all thoroughly enjoyed.

Happy Halloween everyone!
