

## **Indoor skittles and a friendly new arrival at Sonya Lodge Residential Care Home**

**We like to keep active at Sonya Lodge Residential Care Home, so our residents have been practising their hand-eye coordination skills recently with some indoor skittle games.**

We set the colourful skittles up in the traditional triangle formation and our ladies have enjoyed taking aim!

We are also delighted to welcome a very friendly addition to our **Sonya Lodge family** – **our new interactive cat!**

*This soft and cuddly fellow is the perfect companion for a lap and has been very popular amongst our residents, as you can see!*
