

## Lois brings the smiles to Sonya Lodge Residential Care Home

**We enjoyed our weekly visit from Lois our Therapy Dog at Sonya Lodge Residential Care Home.**

Our residents love it when she comes to visit; she is the most **gentle** dog and loves the attention and affection from our residents.

Lois offers a wonderful **support and engagement** opportunity for everyone and it is wonderful to see the mutual adoration between Lois and our ladies and gents.

*Every visit is a pleasure and we are already counting down the days until she is next with us!*

Lois is so gentle and well behaved
