

Pet Therapy Dog Gizmo visits Sonya Lodge Residential Care Home residents

We had another lovely visit from the adorable little Gizmo at Sonya Lodge Residential Care Home recently.

As always, our residents were over the moon to see Gizmo and spend some quality time with him. Gizmo loved all of the **affection and attention** from our staff and residents alike!

The **positive impact** these visits have on our residents is plain to see; we all love this **wonderful little pup** and can't wait to see him again in his stylish Christmas jumper!
