

Sonya Lodge Residential Care Home enjoy Church Open Day

St. Michaels Church Holiday from Home

Our local church put on a wonderful day for the residents of our local community. Some of our residents here at Sonya Lodge Residential Care Home opted to join them for this day.

The day took place in the church hall. The church set up an array of different activities in the morning, some which included flower arranging and various arts and crafts.

The church then provided everyone with a delicious two-course meal, followed by a beautiful performance from the church choir who performed a selection of songs and hymns.

Our residents loved spending the day with friends from the local community and taking part in everything that was on offer.
