

## Sonya Lodge Residential Care Home praise service

**Our residents at Sonya Lodge Residential Care Home were joined again by the lovely Jean from St Michaels Church.**

Jean leads a weekly service for our residents at **Sonya Lodge**. This service takes place within the Home which provides our residents of Christian faith to worship with their church family even if getting to the physical church building can be too much of a challenge for them.

Our residents enjoy praying and singing together. And it is always a pleasure for the staff team to hear our residents fill the home with their beautiful voices.
