

Sonya Lodge Residential Care Home residents celebrate National Banana Split Day

Our residents and staff were very happy to learn of this delicious national holiday at Sonya Lodge Residential Care Home.

We love ice-cream and sweet treats, so **making some banana splits** together sounded like the best activity!

Our residents built their own banana splits. They started off with a base of banana before adding their favourite flavour of ice-cream. They then used their **creative flair** with a variety of **sprinkles and sauces** to create their delicious masterpieces.

We're sure you'll agree the banana splits look delicious!
