

Sonya Lodge Residential Care Home residents celebrate World Bee Day

On Saturday 20 May, we marked World Bee Day together here at Sonya Lodge Residential Care Home.

World Bee Day is observed on 20 May each year to draw attention to the essential role bees and other pollinators play in keeping people and the planet healthy.

We asked our residents how they would like to celebrate this special day and they suggested making a **Devonshire Honey Cake** and enjoying some **sweet but healthy treats**.

Pauline is brilliant at making cakes so she got to work measuring out the ingredients and mixing them together. Once baked, she decorated the cake beautifully and then the best part happened...it was time to taste the honey cake! *It was delicious!*

Our ladies and gents had also requested some sweet but healthy treats. We obliged by providing them with **fruit platters of apples, oranges, grapes, blueberries, blackberries, strawberries and several varieties of melon**. Everyone loved the yummy fresh fruit, especially the refreshing melon.
