

## Sonya Lodge Residential Care Home residents enjoy activities with St Michaels Church

**Our Sonya Lodge Residential Care Home residents maintain a close relationship with our local church, St Michaels.**

The church community always invite us to events and activities, and many of our residents enjoy attending regular church services there.

Recently our residents have enjoyed visiting the **weekly coffee morning** at the church for a piece of homemade cake and a hot drink. This is an opportunity for our residents to catch up with friends from the local community and the church. We are always **welcomed in with open arms, friendly faces and fantastic conversations.**

Our residents have also been enjoying both the **regular Sunday morning church service** at St Michaels Church and our praise and worship service that takes place at Sonya Lodge.

**Jean Hook from St Michaels Church leads the service at Sonya Lodge** and it is lovely to see so many of our residents enjoying this time together and filling our Home with beautiful singing.
