

Sonya Lodge Residential Care Home residents enjoy Punch and Judy show

To celebrate World Laughter Day at Sonya Lodge Residential Care Home, we were joined by 'Mrs Back-To-Front' who performed a wonderful and hilarious version of Punch and Judy for our residents.

Everyone laughed, joined in and **reminisced** about the times they saw the show as children at the seaside.

Our residents then all had the opportunity to try 'their hand' (excuse the pun!) at **puppetry skills**.

To complete the show we had a **roaring sing-a-long** to some of our favourite 1940s songs.

□A fabulous day was had by all and we definitely contributed to World Laughter Day with many giggles!
