

Sonya Lodge Residential Care Home residents get ready for Christmas

Last week some of our residents were keen to get into the festive spirit here at Sonya Lodge Residential Care Home.

Joan got to work with our Activities Team by taking charge of decorating one of our **Christmas trees**; we're sure you'll agree that she did a fantastic job!

Some of our residents requested to have their **nails painted** by our team so they are looking their best for any upcoming festive events. *Maggie was very happy with her newly painted nails!*

We also enjoyed our weekly **choir practice** and our residents were very happy to discover that they were now practising some popular **Christmas carols and songs**. They sang them out loud and proud. *It sounded wonderful!*
