

Sonya Lodge Residential Care Home residents love seeing Gizmo and Charlie

Last week, we had a visit from not one, but two dogs here at Sonya Lodge Residential Care Home!

Gizmo and his brother **Charlie** came to spend some time with us all. They made their way around our Home and gave **cuddles** to each and every resident, accompanied by their lovely mum, **Maria**, who kindly volunteers to bring her fur-babies in for us!

We love **Pet Therapy** here at the Lodge; as well as the cuddles and joy it provides, it promotes time to reminisce. *Joan kindly showed pictures of her late dog Ben that she had on a keyring.*

Pet therapy always brings back lovely memories for all of us here at **Sonya Lodge**. Thank you Maria, Gizmo and Charlie – *come back soon!*
