

## Sonya Lodge Residential Care Home residents share church service and hymns

**The lovely Jean from St Michaels Church joined us at Sonya Lodge Residential Care Home to lead our weekly worship and praise service.**

Our residents love this weekly time with Jean and it was so special to hear them singing a loud and wonderful rendition of '*All things bright and beautiful*'.

Jean's visits to our residents are treasured by those who want to **practice their Christian faith** but now find it difficult to visit the church; the service means the world to them and **we thank St Michaels Church** for providing this for them.

Sharing a church service with Jean from St Michaels Church
