

Sonya Lodge Residential Care Home residents take a festive pub trip

With all of the festive cheer over Christmas, some of our Sonya Lodge Residential Care Home ladies fancied a trip to our local pub, The Plough.

They laughed together as they went to the bar to order their **favourite tipples**, before finding a table to have a **good natter and giggle together**.

It was lovely to see them interacting with everyone at the pub and being made so welcome. They **shared stories** about Christmas, their families and even some funny stories of past trips to the pub!

All of the ladies thoroughly enjoyed spending some quality time together.
