

## Sonya Lodge Residential Care Home welcomes singing sensation Dan

Our residents at Sonya Lodge Residential Care Home were treated to a performance by Dan from The Entertainment Providers recently.

Our ladies and gents were thrilled as Dan serenaded them with songs by various members of the **Rat Pack** and **Elvis Presley**.

He kept us amazed as he changed into **different costumes** throughout the performance and was keen to get all of our residents involved; he had them dancing, singing, and even as part of the show in costume!

Everyone had a fantastic time and we are already looking forward to the next time we have an entertainer coming in.

*Thanks for a fantastic afternoon Dan!*
