

Teddy bear love at Sonya Lodge Residential Care Home

Last week we celebrated National 'Bring Your Teddy To Work Day' here at Sonya Lodge Residential Care Home.

We are all big kids at heart and love our soft toys so we were all excited to take part in this event.

Our staff and residents had their **teddy bears and soft toys** with them for the day and our residents loved talking about their favourite cuddly toys and sharing stories about them.

We all **reminisced about teddy bears** we had as children and chuckled about the interesting names we gave them!
