

Tempting dessert and biscuit creations at Sonya Lodge Residential Care Home

Our residents have recently been showing off their culinary skills in our Sonya Lodge Residential Care Home Cooking Club. They worked together to make the most delicious desserts that included delectable and rich chocolate cheesecakes, and scrumptious gingerbread cookies.

It was wonderful to see their proud faces, as their creations were served on the desserts trolley and tea trolley to all our residents. Everyone enjoyed these mouth-watering treats, and we are looking forward to sampling their next creations already!

Great work everyone!
